EDUCATION

National Institute of Technology Patna B.Tech, Computer Science and Engineering; CGPA: 6.47/10	2023 – 2027 Patna Bihar
Bihar School Examination Board (BSEB) Senior Secondary (Class XII): 72.8%	2021 – 2023 Saran Bihar

EXPERIENCE

AI/ML Intern InternPe (Remote) - Developing machine learning solutions using Python and data analysis techniques. - Performing data preprocessing, feature engineering, and exploratory data analysis. - Building predictive models using supervised learning algorithms. - Working with NumPy, Pandas, Matplotlib, and Scikit-learn for data-driven solutions.	Jun 2026 – Present
Frontend Developer ByteVerse Hackathon, NIT Patna - Developed a sign-language learning platform during a 24-hour hackathon. - Designed responsive interfaces using HTML, CSS, and JavaScript. - Collaborated within a team of four to deliver a functional prototype.	Apr 2024
Web Development Intern KODBUD - Developed responsive web applications using HTML, CSS, and JavaScript. - Built projects including Portfolio Website, Google Homepage Clone, and Landing Page. - Applied responsive design and version control using Git and GitHub.	May 2026 – Jun 2026

PROJECTS

HappyHarbour – NLP-Based Sentiment Journal - Developed a Flask-based sentiment analysis platform for emotion tracking and journaling. - Built NLP models achieving 85%+ sentiment classification accuracy. - Processed and analyzed 1000+ journal entries for sentiment insights. - Created visualization dashboards for mood trends and sentiment distribution. - Implemented automated alerts for prolonged negative sentiment patterns.	2025
Event-Aware Dynamic Taxi Allocation System using RL and GNN - Developed an event-aware dynamic taxi allocation system using Graph Neural Networks (GraphSAGE) and Reinforcement Learning, reducing passenger wait time by 65%. - Integrated multi-source event prediction (weather, exams, concerts) with a 5-component reward-based RL model, reducing driver idle distance by 40%. - Implemented ethical surge pricing caps and gender-safe carpooling for fair and safe ride allocation.	2026

TECHNICAL SKILLS

Programming Languages:	C, C++, Java, Python, JavaScript
Core Subject:	Data Structures, Algorithms, OOP, DBMS, OS, CN, AI/ML
Machine Learning:	NumPy, Pandas, Scikit-learn, Matplotlib, NLP, Data Analysis
Web Development:	HTML, CSS, React.js, Node.js, Flask
Databases:	MySQL, MongoDB
Tools:	Git, GitHub, VS Code

ACHIEVEMENTS

- Solved 150+ Data Structures and Algorithms problems on LeetCode.
- Achieved a maximum LeetCode rating of 1618.
- Earned Microsoft AI Skills Fest Badge and Certification Voucher by completing the AI Skills Playlist (8 - 12 June 2026).
- Adobe Hackathon Round 1 Qualified
- Participated in the ByteVerse Hackathon at NIT Patna.

CERTIFICATIONS

- NPTEL – Data Analytics With Python (Elite)
- HP LIFE – AI Basics
- Infosys Springboard Certifications
- Flipkart Runway Season 5

POSITION OF RESPONSIBILITY

- Design Coordinator, Yoga Club, NIT Patna**
- Coordinated promotional and design activities for club events and student engagement initiatives.
